

Chemistry 101 Academic Excellence Workshops

MESA Facilitator: Aryah Seraj

Contact Information: Canvas inbox (teaching assistant) or a.seraj4097@student.sbccd.edu

About Me: Hello everyone, my name is Aryah Seraj, and I will be your MESA facilitator this semester for Chemistry 101. I have a deep passion for chemistry and the different concepts presented in the subject. This class can be difficult, but I am excited to guide you through multiple problems and create a good learning environment. With effort, great goals can be achieved!

Goals for Workshops: In my workshops, problems from the book and various worksheets will be covered for each chapter that is encountered. Multiple problems will be solved collaboratively and individually in my workshops. Different concepts presented in class will also be touched on during my workshops. My goal is to help you succeed in this class one workshop at a time. I look forward to meeting everyone!

When and Where: Tuesdays: 1:00 pm - 3:00 pm via zoom: [Tuesday Workshops](#)
Thursdays: 12:30 pm - 3:30 pm in person: PS - 132
